EPEAT Plastics Materials Form
1680.1: 2018
Sections 4.1, 4.2 and 4.3

The subscriber need only fill out this form if verified for a criterion that references the form.

Please note that data is only required if you are being verified for the criteria listed in each data column.

You need only fill out this form once per verification round, even if you are being verified on more than one criterion referenced on the form.

You need only fill out the specific columns where the criterion being verified is listed.

All information submitted will be kept confidential

* Percent of post consumer recycled content must be based on the percent PCR in the weight of resin without fillers as shown in column D. The weight of any filler that derives from the recycled plastic resin is included in the full weight of the plastic material									
** Percent of ITE-Derived post consumer plastic content must be based on the percent of the ITE-derived post consumer content in the weight of resin without fillers as shown in column D. The weight of any filler that derives from the recycled plastic resin is included in the full weight of the plastic material									
*** Percent of biobased content must be based on the percent of the biobased content in the weight of resin without fillers as shown in column D. The weight of any filler that derives from the recycled plastic resin is included in the full weight of the plastic material
